**Calm diverse island**

08 Aug 2014

We went around and traveled the floor of the island. We visited not only tourist places such as: a pearl farm, waterfalls, pepper fields, a prison, a Buddhist temple, but also in the villages where local people live. They usually live poorly, devastation. The island has just started to get upset, while there are not many tourists, many of them are Vietnamese tourists. The sea is dirty, the locals are not yet accustomed to cleanliness, they throw everything into the water. But in general, the beaches are cleaned. You can visit the massages. In a good salon 1.5 hours of massage for 1000 rubles. On the beach is cheaper. We got acquainted with the local Russian-speaking guide who calls himself Kolya) They helped him to compile an advertising booklet in Russian, and he drove us around the island. Thank him very much, we learned a lot of interesting things not only about the island, but also about the life of the Vietnamese in general. For those who love relaxation and a very relaxing holiday, this island is a godsend, and for more "mobile" tourists, a week is enough to explore the whole island very slowly.
